### Now in Abu Dhabi

The Main Event (TME) organisers of The Mother Baby and Child Show 2006, which took place at the Dubai International Exhibition Centre (DIEC) last December, has announced that the three-day family event will go biennial this year with the launch of Mother, Baby & Child Show Abu Dhabi 2007, which will take place in May. The Dubai event attracted an impressive array of over 130 brands, retailers and entertainment providers, covering more than 4,000 square metres. However, the biggest draw last month was children's favourite purple dinosaur, Barney. The edutainment star, who helps children develop a range of skills essential for their personal development, appeared live at the show and also launched a limited-edition DVD exclusively at the show for the first three days of its release.
